

Ankur Higher Secondary School Shivaji Nagar, Bhopal (M.P.)

September 9, 2023

LETTER OF APPRECIATION

On behalf of the entire academic community at Ankur Higher Secondary School, we extend our sincere appreciation for the remarkable outreach initiative, 'AARAMBH,' orchestrated by your team at our institution.

The diverse and inventive projects featured in this program played a pivotal role in enriching the comprehension of fundamental scientific principles among our 6th to 10th-grade students. This experience ignited a remarkable surge in our students' enthusiasm for academic pursuits. Furthermore, the invaluable guidance sessions on career prospects provided our students with a lucid vision of their future and the myriad possibilities that await them. We also applaud your team for their professionalism, unwavering passion, and unwavering commitment demonstrated throughout the event.

We take this opportunity to convey our profound gratitude to the IEEE MANIT Student Branch for their steadfast dedication in assisting our students in advancing their scientific knowledge and motivating them to become influential contributors to society. Your contributions are truly commendable and deeply appreciated.
