

Government Higher Secondary School Surajnagar, Bhopal (M.P.)

September 9, 2023

LETTER OF APPRECIATION

I am writing on behalf of the entire school fraternity at Government Higher Secondary School to express our heartfelt gratitude and appreciation for the outstanding social outreach program, 'AARAMBH,' conducted by your team at our school.

The various innovative projects showcased during the program helped in enhancing our 6th to 8th-grade students' understanding of scientific concepts. We witnessed a significant surge in our students' enthusiasm for academic activities following your program. Additionally, the career guidance sessions provided our 10th and 12th grade students with a clear vision of their future and the myriad opportunities available to them. We also commend your team for their professionalism throughout the event.

We wish to convey our gratitude to the IEEE MANIT Student Branch for their commitment to assisting our students in enhancing their scientific knowledge and inspiring them to become valuable contributors to society. We look forward to welcoming 'AARAMBH' again in the future.
